HEARTS IN MOTION POLICY ON SUPERVISION OF MINORS

Each week a parent or designated responsible adult MUST sign the student in. Students MUST have a parent or designated responsible adult at the facility at ALL times. A designated responsible adult is one who has agreed, in the absence of a parent at the facility, to be responsible for a student for any needs that may arise. Hearts in Motion staff, its instructors, and class helpers are NOT automatically or personally responsible for any Hearts in Motion student that is not their child. All students must be with a parent or directly supervised by a designated responsible adult at all times. Hearts in Motion is not authorized nor acts as a child-care service.
