

Big God

Artist: Terrian

Yeah, yeah, yeah

With foes on my left and fears on my right
They think that I'm all by myself in this fight
But they do not know the infinite size
Of the God who's by my side (hey)

Under fire, but my goliaths
Standing in the shadow of the Almighty
I ain't lying (no, no)
Just testifying

Man, I'm talking 'bout a big God, big God
When trouble comes around the way
Only remedy for big odds is a big God (big God)
Ain't nobody gonna shake my faith

No, I'm not afraid to throw my hands up in praise
For the times that He pulled me through
I'm counting on a big God that they can't stop
(can't stop)
He's a big God

Why in the world would I worry away
When I know that He holds my world in His
hands?
The monsters I face don't make me afraid
When I know that I'm standing right next to Him

Man, I'm talking 'bout a big God, big God (big
God)
When trouble comes around the way
Only remedy for big odds is a big God (big God)
Ain't nobody gonna shake my faith

No, I'm not afraid to throw my hands up in praise
For the times that He pulled me through
I'm counting on a big God that they can't stop
(big God)
He's a big God

Stronger) than your brokenness
(Deeper) than your dreams not seen yet
(Greater) than your greatest fear
(Bigger) He's so much bigger

(Stronger) when I couldn't get up
(Deeper) I could always feel Your love
(Greater) You're picking me up
(Bigger) I could always feel Your love

Man, I'm counting on a big God, big God (big
God)
When trouble comes around the way
Only remedy for big odds is a big God (big God)
Ain't nobody gonna shake my faith (no)

No, I'm not afraid to throw my hands up in praise
For the times that He pulled me through (pulled
me through)
No, I'm not afraid of the things that I face
'Cause I know what I've seen Him do

I'm counting on a big God
That they can't stop (big God)
He's a big God (oh yeah)

You're a big God, You're a big God (big God, big
God)
Hey, yeah (big God, big God)
I know we got a (big God, big God)
Yeah, we got a big God
