

HOLD US TOGETHER

H.E.R. / TAURYN WELLS

I will trust in You and know that You are with me forever
I'll confide in You 'cause You're the only answer that matters

Even in the darkness, You will be my light
Even when I'm hopeless, You will be my guide
I will not be shaken, I will not be moved
Even in the chaos, I know that You're good

You're the keeper, protector
It is You that holds us together
When everything else fails us
It is You that holds us together
Oh-whoa-whoa, oh-whoa-oh

I will trust in You, Your thoughts and plans of me, they are good
Mmh, I'll wait on You, I know that You will see me through

Even in the darkness, You will be my light
Even when I'm hopeless, You will be my guide
I will not be shaken, I will not be moved
Even in the chaos, I know that You're good

You're the keeper, protector
It is You that holds us together
When everything else fails us
It is You that holds us together (oh You're)
You're the keeper (You are), protector
It is You that holds us together (when every)
When everything (else fails) else fails us (it is You)
It is You that holds us together

Together
Holds us together

You're the keeper, protector (together)
It is You that holds us together
Everything (else fails us) else fails us
It's You that holds us together (hold us)
You're the keeper (hold us), protector (oh, protector)
It's You that holds us together (oh, You)
When everything (everything) else fails us
It's You that holds us together

You're the keeper, protector
It is You that holds us together
When everything else fails us
It is You that holds us together
