

2024 Spring Session HO'IKE

WHAT IS HO'IKE?

Ho'ike is Hearts in Motion's end-of-session performance. Each class will get to share what they have learned and practiced throughout the session in a concert-style format in New Hope's main auditorium.

This culminating event is always an inspirational and worshipful time where everyone can come together and invite their friends and family to see and experience the work God is doing through all the dancers at Hearts in Motion.
